

Electronic Darts of Corpus Christi, Inc.

Captains' Notice

Unless paying by the leg, each Team shall be responsible for paying the first week and last week of dart dues the opening night of play, **\$40.00 per team.** **If at any time a team begins paying by the week, then that team will (at that time) be required to pay for the last week.**

The applications for all Team Members on your original roster must be sent in for the first night of play for each team. Failure to do so will result in a Missing Paperwork penalty. Member applications are included in the Team Folder.

Members not already paid must also pay the \$5.00 Membership fee. Remember, membership fees are not transferable. If you add 1 or more new members on Week 1, or thereafter, you must pay the fee for each new member, even if you are dropping 1 or more members from the roster.

Include the applications and any fees on the first night of play to avoid any question of player eligibility. Using ineligible players will result in a one win point penalty for each game played by the ineligible player.

Also, remember, all dues/fees sent in must be by Cash App, Venmo, or Zelle (no cash).

See **Captain Responsibilities** in the 'Rules of Play' for more information.
