<b>Non-established</b> member on team roster	A team member registered with a team at roster turn-in and required to register with a minimum EAQ of 200 for ladies or 320 for men. (The captain may have elected to register the player with a higher EAQ than the required minimum).	<b>Step 1:</b> Use Current EAQ as listed on the previous week's standings <b>Step 2:</b> If none, use EAQ listed on team roster until Current EAQ is established

Subtract the "EAQ Total" amount from the Division Parameter and then write down the balance in the blank beside *Maximum EAQ Allowed*. If the EAQ in Step 2 is **equal to or less** than the *Maximum EAQ Allowed* amount in Step 4, then the established player IS eligible to play. If the EAQ in Step 2 is **greater than** the *Maximum EAQ Allowed* amount shown in Step 4, then the established player IS NOT eligible and cannot be used.

**When a team uses an ineligible player, then all games in which the ineligible player played in will revert to an administrative penalty of one (1) win point for each game.**

**STEP 5: - FILL OUT FORM.** If the **established** New Member/Sub is eligible to play, have the new member/sub complete and sign the form. Include the proper new member/sub monies. Be sure to check the box at the bottom of the original score sheet.
